

BOOSTER

The new Booster ball is crafted using the latest technology and know how from aerodynamics. The irregularly dimple size surface generates reduced air resistance due to controlled airflow around the ball.

The result is:

- Increased ball speed.
- More accurate passes.
- Stable ball flight.

Booster

4-pack/200-pack

2-pack Blue/Yellow

2-pack Green/Orange

2-pack White

100-pack 4 colours
Orange/Green/Yellow/Blue
